Level 2 CNAT:

By the end of KS4, pupils will have developed their knowledge, understanding and practical skills that would be used in the health and social care sector. It is essential for pupils to understand the rights of individuals, person-centred values and how they can be applied. This qualification will help pupils to develop this knowledge and to understand the importance of effective communication skills when working in these settings. Pupils will also develop the skills needed to ensure a safe and hygienic environment for those in care. These skills will help pupils progress onto further study in the health and social care sector.

KEY STAGE 5	12	F090: Principles of HSC (Exam in May)		Start F091: Anatomy and Physiology (Exam) after exam and moderation deadline		
		F092: Person-centred approaches to care (NEA)	F093: Supporting People with mental health (NEA)	Start F091: Anatomy and Physiology (Exam) after exam and moderation deadline		F091: A&P (Exam in Jan)
	13	F091: A&P (Exam in Jan)	R097: Healthy Nutrition and Lifestyles			
		R096: Sexual Health				

By the end of KS5, pupils will have developed a detailed understanding of key areas in understanding of health and social care in the wider contexts of different environments and settings where care takes place, the importance of effective communication in health and social care, the importance of legislation in health and social care and how to deliver a person-centred approach in the care given. Pupils will also develop transferable skills such as communication, research, planning and organisation.
