

BTEC Tech Award

Music Practice

The Brunts Academy

What is Music Practice?

The Tech Award gives learners the opportunity to develop sector specific applied knowledge and skills through realistic vocational contexts.

This Tech Award complements the learning in GCSE programmes by broadening experience and skills participation in different types of musical techniques for different musical styles. The Tech Award gives learners the opportunity to apply knowledge and skills in a practical way through exploration and development of techniques and styles

Key Features of the Course:

- development of key skills that prove learners' aptitude in music, such as responding to a musical brief using musical skills and techniques
- processes that underpin effective ways of working in the music sector, such as the development of musical ideas, and using skills and techniques for rehearsal, creation, production and performance to respond to a music brief
- attitudes that are considered most important in the music sector, including personal management and communication
- knowledge that underpins effective use of skills, processes and attitudes in the sector, such as musical skills and styles.

What type of student is this suitable for?

Students who want to:

- Learn more about the skills needed in the music industry
- Develop their musical skills such as creating, performing and producing music
- Develop their personal skills such as self-development, time-management and collaboration

What could this course lead on to?

Study of a vocational qualification at Level 3, such as a BTEC National in Music or a BTEC National in Music Technology, which prepares learners to enter employment or apprenticeships, or to move on to higher education by studying a degree in the music sector.
